

Think Safety:

— Please TURN ON YOUR HEADLIGHTS while driving through our parking garage. It makes it easier for other drivers/pedestrians to see you.

Please DO NOT TOSS ANYTHING, including cigarette ash or butts, off your lanai. Someone below you could get hurt or their property damaged.

Residents shall not let any person into the building that you personally cannot identify as a unit owner, resident or building staff employee. Refer such persons to Security or notify Security immediately at 592-3305.

Thank you for your cooperation!
