

Smoking Rules

Did you know? On November, 16, 2006, Hawaii celebrated becoming the 14th state to go smoke-free and enact a comprehensive law that protects workers throughout the state from exposure to secondhand smoke.

Here at the Imperial Plaza, smoking is prohibited in all common areas which include:

- All outdoor areas on the property including the tables in front of the businesses lining Cooke Street
- All areas on the 6th Floor Recreation Deck
- All areas of the parking garage

Please adhere to these rules; your neighbors will appreciate it!

Thank you for your cooperation!
